/BRAND POSITIONING

SERGIO TACCHINI BRAND POSITIONING - THE ASPIRATION

For generations, people have chosen Sergio Tacchini as a bold stroke in a wardrobe that they make their own.

From the the tennis obsessed, to the football terraces, wearers in the 1970's, and the hip-hop culture of the 1990's, consumers have chosen Sergio Tacchini as a form of expression - the antithesis of construct, just like Sergio Tacchini intended; bringing the first colour uniforms to the all white tennis courts

FW20 CAMPAIGN

We continue to hone into our focus within music, specifically the hip hop space. We worked with two, NYC based DJ's with a rich history who are natural fans of the brand. They represent an authentic rooted connection to the Sergio Tacchini brand as well as the hip hop space and industry.

INTRODUCING SERGIO TACCHINI EYEWEAR

The current optical collection is influenced by some strong 80's movements.

The 3 core areas draw influences from 80's ski culture, the beginning of hip-hop and the now historic look based on primary colours driven through the huge awareness of sport building up to the Los Angeles Olympics in '88.
