TED'S PRECIOUS WONDERS

After travelling the globe to source the perfect precious stones, Ted debuts his first ever fine jewellery line.

A woman with long dark hair, wearing a light pink long-sleeved top and matching pants with a tie-waist detail, is walking a small dark-colored dog on a leash. She is wearing light pink sneakers and has sunglasses perched on her head. She is walking on a red carpet that leads to the stairs of a private jet. The background shows the fuselage of the aircraft with several windows. To the left, the front of a white classic car is visible. The overall scene is set on an airfield, suggesting a luxurious travel experience.

TED BAKER LONDON

Marca tendencia en 2017 con el último lanzamiento
Sutileza, color y estilo se fusionan con el diseño. Un maridaje impecable

Esta primavera-verano Mondottica celebra el lanzamiento en España de gafas de sol y vista de Ted Baker. Ted Baker es fresca, desenfadada, con estilo y crea tendencia. Una firma con identidad y carácter.

Ted Baker potencia el elegante look británico de sus monturas de acetato gracias al metal dentado realzando los talones las gafas, tendencia esta temporada.

Los talones de metal prensado que enmarcan la parte frontal del diseño masculino ZACH TB8176 vienen dentados en esta nueva colección, potenciando así la tendencia de combinación de materiales de la temporada.

Los bloques de colores intensos y el estilo Art Déco se muestran en el momento más ecléctico de Ted Baker gracias a su nueva colección óptica. El diseño metálico femenino AMBER TB2235 ha sido reinventado como una montura óptica después de hacer su debut en la colección de sol. Con detalles de estampados esmaltados y coloración complementaria fusiona el borde inferior con las varillas, mientras la mitad superior de la montura tiene un acabado mate con matices de marfil, azul náutico y borgoña que contrastan suavemente con los interiores pulidos rosa dorado.

Las nuevas y sofisticadas técnicas de fabricación permiten que las monturas metálicas tengan una estética potenciada como nunca antes en un momento en que están resurgiendo como tendencia en el mundo de la moda. El diseño FAY TB2236 deslumbra con su encanto femenino. Las líneas superiores se elevan con un acabado en dos tonos mientras el dentado en rosa dorado en el exterior de las varillas crea un look original.

El toque británico continúa en la colección masculina con DALEY TB4259 y ZACH TB8176. La forma vintage metálica ya vista en DALEY se reinventa con acabados pintados en mate en el frontal y un interior satinado dorado consiguiendo un look elegante y pulcro. Gracias a su forma de acetato grueso, ZACH es el más conquistador de la colección. Los talones de metal prensado que enmarcan la parte frontal vienen chapados en línea con los colores de esta temporada. Una gafa llamativa que causa admiración.

Las monturas para mujer de la firma Ted Baker elevan la línea superior para conseguir una mirada amplia y elegante, con sutiles reminiscencias vintage en diferentes tonos caramelo para iluminar su feminidad.

Las líneas superiores del modelo para mujer FAY TB2236 se elevan con un acabado en dos tonos mientras el dentado en rosa dorado en el exterior de las varillas culmina un look original.

Si quieres marcar la diferencia esta temporada, Mondottica es la garantía en moda, calidad y servicio. Entra en la website y descubrirás la lista completa de sus marcas. www.mondottica.com
